What we use

Class	When
Essential	Hosting, CDN, security logs, demo HMAC cookie/token as needed to run the site
Analytics (optional)	GA4 / Plausible / custom — only after accept on the banner
Cloudflare Web Analytics	Cookieless beacon if a token is configured; no advertising profile
Advertising cookies	Not used on the marketing site today

The banner is a soft disclosure, not a full CMP. Essential operation is not blocked. Details live in the privacy policy.

Templates assist workflows. They are not legal advice, not a government form, and not a certification. Counsel must review before paying tenants or public compliance claims.
