

Export, cancellation, offboarding

WW-OFFBOARD · 2026.2-draft · effective 21 August 2026 · review quarterly

DRAFT — not legal advice — not counsel-reviewed. Early-access copy for Workshop Wrench. Do not treat this as a GA customer contract. The legal entity ABN is not yet recorded; party blocks are SPECIMEN.

When you cancel

- Owner can request export of shop records (JSON / CSV intent; N73 is the customer dump today)
- Mutating APIs may 402 after the paid period
- Tax invoice PDFs should be retained by the shop (~5 years typical ATO electronic records)
- Wipe window for cancelled tenants is not yet an automated job — ops runbook

What we keep

Billing identifiers, MSA acceptance logs (when wired), and records we must keep under tax or dispute law. Sub-processor deletion follows each vendor's DPA once those exist.

Templates assist workflows. They are not legal advice, not a government form, and not a certification. Counsel must review before paying tenants or public compliance claims.
